

Addendum to current PBN policies

Title of Addendum: Monetary Standards

As a professional referral group, it is imperative that the group maintains strict monetary standards. As such, all members are required to stay current on any financial obligations with other members of PBN. Should any member become delinquent in their financial obligations, and that matter is reported to the board, the delinquent member shall be notified in writing of that complaint, and they will then have 30 days to bring their account to current. Failure to remedy the delinquent account shall result in the termination of membership in PBN.
